Annette Boss, owner and lead designer of ABOSS DESIGN, has recently completed the Interiors for The Eye Works, Napa's New Premier Eyewear and Ophthalmic Store.

Napa, CA March 29, 2007 – ABOSS DESIGN has brought a touch of the big city to Napa's downtown district, with the design of the new and upscale "The Eye Works" store, on the corner of First and Main. She stated "working closely with storeowner, Dr. Craig Sultan, has been a joy. Helping his design concepts become real has been one of the high points in my design career. I wish him the very best in his new endeavor."

The store will work to bring high technology and art together within one gallery-type space. Original works by local artists will be on display, alongside virtual technology that will allow you to see how great you can look in any of over 2000 styles of glasses. The store is now open at 1006 First Street in Napa. The grand opening is scheduled for April 17 from 4-7 PM. Local artists will be available at the opening. Hors d'oeuvres and drinks will be served.

ABOSS DESIGN provides a full range of design services for public spaces as well as homes. The design firm can help to make your projects run smoothly from the first drawing to completion. For further information, contact Annette Boss at 707 287-0860.
